Royal Baking Powder

If you are urged to buy other baking powders in place of the Royal, it is solely because the dealer can make more money on them, for all agree that the Royal is the best. The low cost of the others to the grocer is proof of the cheap character of their ingredients and of their inferior quality. All others are cheaper made powders of inferior strength.

is Highest of all in Leavening Strength.

"The results show ROYAL to be a cream of tartar baking powder free from ammonia, alum, lime or any adulterations; that its constituents are better proportioned and that it has a larger amount of leavening gas than any of the others analyzed."

CITY COUNCIL.

Much Business of a Character Beneficial to the City Transacted.

REGULAR MEETING.

TUESDAY, August 8th.

All the members of the council were present except Councilmen Furr and J. N. Miles.

The minutes of the last meeting were read and approved.

A petition was received from Dan Owens asking a rebate of a fine. Referred to work-house committee to report back.

A petition was received from Frank S. Haff asking permission to tap the city sewer. Granted.

Petition of James Dean for a grocery license on Wilkinson street. Referred to the license committee.

Petition of Mrs. S. F. Richardson, asking that a piece of property listed in her name be transferred to the name of the party to whom it belongs. The clerk was instructed to make the correction.

Reock & Donaldson petitioned for a flour and feed store license. Referred to license committee.

Petition of citizens residing on Taylor Avenue, asking an extension of the water mains. Referred to water committee.

Petition of same, asking for a new sidewalk on said street. Referred to street committee to report back to council.

Petition of Jerome Weitzel, asking permission to cut down street next to hotel on Ann and Main streets. Granted.

Remonstrance of citizens against the construction of electric street car line on West Main and Wilkinson streets was received and referred to finance committee.

The street car company presented a proposed plan for the construction of street railway across the new bridge. Referred to bridge engineer with power to act.

Judge B. G. Williams appeared before the council in relation to the recent order directing the water shut off at the place of Church Bros. to prevent water from running on Dan Meagher's property. The former action of the council was rescinded.

The monthly reports from the officers were received and filed.

The finance committee, through Mr.

Watson, offered an ordinance in relation to the bridge bonds, which was adopted.

Mr. Swigert, from the committee on gas, made a report recommending the substitution of electric arc lights for 86 of the gas lights now used by the city. The report was adopted.

The same committee made a report, without recommendation, in relation to the brick street proposition. Action postponed.

Mr. McClure, from the hall committee, reported in favor of making some much-needed improvements to the Opera House. Chairman Milam was added to the committee, and the committee was empowered to have the repairs made immediately.

Mr. Gray moved that the matter of insurance on the bridge be referred to the bridge committee with power to act. Adopted.

Mr. Ellwanger, from the health committee, made a report recommending that the refuse from the Fincel slaughter house, on the South Side, be buried and the chute leading to the river be removed. The Marshal was instructed to enforce the ordinance and abate the nuisance.

On motion of Councilman Swigert the tax-books will remain in the hands of the City Treasurer until the evening of September 12th, and those who want to pay their taxes before that date will save the 10 per cent. penalty, which will then go into effect.

Action in relation to the paving of Second street was postponed until next meeting.

Mr. McClure called the attention of the Mayor to the loafers at the corner of Washington and Wilkinson streets, who said he would have the nuisance abated.

Mr. McClure moved that the city attorney take steps to have the toll-gate on extension of Wilkinson street removed. Adopted.

Mr. Gray offered a resolution for bidding brass bands playing on the streets on the Sabbath day, except for funerals, and making the fine not less than \$3 nor more than \$10 for each man so engaged. Adopted.

The street committee was ordered to have gutters at the corner of Cross and Main repaired.

On motion of councilman McClure 4 gas lamps were ordered placed on Wilkinson street.

Jno. R. Todd offered the city \$700

for the ground occupied by the Blue Booth for the purpose of erecting a house thereon. Rejected.

There being no further business the council adjourned.

A LOUISVILLE FIRE.

Crutcher & Starks Damaged by Water and Smoke.

The old Mozart Hall building, corner of Fourth avenue and Jefferson streets, Louisville, in which the Louisville house of Messrs. Crutcher & Starks is located, caught fire Monday night in the Third story and before the flames could be extinguished the stock of Messrs. Crutcher & Starks was damaged by smoke, water and falling plastering to the amount of \$30,000, which is fully covered by insurance. None of the proprietors of the house were in Louisville at the time, Mr. John P. Starks being in Saratoga, New York, Mr. Ike Starks in Chicago, and Mr. D. C. Crutcher in this city. Mr. Crutcher went down Tuesday morning to look after the damage and make arrangements to open up the house again as soon as possible.

Dr. A. Goldstein, the optician, who is well-known in this city, also had his business house in the building and his stock was damaged to the amount of \$2,000.

Justly Entitled to It.

Dr. Hale's Househo'd Cough Cure is justly entitled to the praise it is receiving. Wherever introduced it has proven itself the most reliable remedy known for the cure of coughs, colds, hoarseness, whooping cough, bronchitis, soreness of the lungs and every kind of a cough from a simple cold to incipient consumption. Purely vegetable. Always reliable and effective. For sale at 25 and 50 cents per bottle at P. H. CARPENTER'S drug store.

As a Memento.

Now that the old land mark, the St. Clair street bridge is soon to be torn away and replaced by a new and handsome structure, numerous pictures are being made of it by amateur and professional photographers to be kept as mementos of the old bridge.

Shiloh's Cure, the Great Cough and Croup Cure, is for sale by us. Pocket size contains twenty-five doses, only 25c. Children love it.

Ear Ground Off.

Frank Poston, a colored man who drives a coal cart for J. W. Gaines & Sons, was delivering a load of coal to the Kenyon Hotel Tuesday morning and in turning into a gate from the Baltzel alley the wheel of the cart struck an obstruction, the jar throwing Poston from his seat to the ground. He fell with his head between the wheel and a log, and as his team moved forward his head was pressed against the log, his skull fractured just above the left ear, his left ear nearly torn off and his face badly bruised. His injuries were dressed by Dr. E. E. Hume and he was removed to his home in Swigert's alley, where he now lies in a critical condition.

Right Into the Grounds.

The management of the Versailles Fair, which commences on Tuesday, have made arrangements with the L. & N. and Louisville Southern railroads to make such close connection at Midway that there will be no wait at that point, and persons can leave here in the morning and be landed right in the Fair Ground in time to see the greater portion of the days exhibition. Returning in the evening, connection will be made at Midway with the C. & O. train so that one can leave home in the morning, see the Fair and get home at 7:30 in the evening.

Mr. J. C. Boswell, one of the best known and most respected citizens of Brownwood, Texas, suffered with diarrhoea for a long time and tried many different remedies without benefit, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was used; that relieved him at once. For sale by J. W. Gayle.

His Hand Sawed.

Mr. Alex Snellen, an employe at Dunigan & Nicol's saw-mill, accidentally let his left hand come in contact with one of the saws, on Saturday morning, and a deep gash was cut across the back of the hand. He has suffered a great deal of pain from the injury, but will soon be able to go to work again, as no bones were cut.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Sold by W. McKee Hardie.

Piano Lessons.

Miss Maria Lindsey will resume her class in piano-forte playing in September.

A Wreck Averted.

While the east bound C. & O. train was crossing the railroad bridge in this city Thursday afternoon, a loose rail lying on the ties between the tracks was caught by the brake beam of the sleeping car and raised up so that the end of it ran through the floor of the coach, damaging it badly on the interior. The train would probably have been thrown from the track and into the river had not the engineer put on the air brakes, reversed his engine and stopped the train almost immediately, when the rail was removed.

The noise made by the rail going through the floor caused a panic in the sleeper, which quickly spread to the other cars, the fireman jumped from the engine and as soon as the train was pulled off the bridge on to the fill at this end, a number of passengers left the cars and walked up town. It is very fortunate that the engineer had his train under control at the time or every one on board might have found a watery grave.

An examination of the sleeper revealed the fact that the damage was not sufficient to require its being set off on a side track and it was taken east with the train. The bridge is nearly completed, and the greatest care will doubtless be taken to prevent any further trouble there, but the rail being on the track at the time shows carelessness on the part of some one connected with the force of construction.

A Probable Candidate.

It is said that Judge Thomas H. Hines is thinking seriously of entering the race for Representative from this county, but has not as yet fully made up his mind. Should he conclude to announce himself he will make a lively canvass.

RIPE FIGS—Mr. F. H. Duvall, of Lock No. 4, is eating ripe figs from a three-year-old tree raised by him.

Shelbyville Mail Wagon.

All orders for the Shelbyville mail wagon—to call for passengers, packages, &c.—should be left at LeCompte & Gayle's drug store, South Side.

49-2t.

THE ASSESSED VALUATION Of the Taxable Property in the State.

We are indebted to Mr. Robert B. Franklin, Secretary of the State Board of Equalization, for the following figures showing the total assessed valuation of taxable property of every kind in the State:

| | |
|---|---------------|
| Total value of personality not subject to equalization | \$70,226,643 |
| Total value of land and personal property subject to equalization | \$61,680,890 |
| Total value of town lots | \$17,612,677 |
| Total exemptions | \$609,520,210 |
| Grand total of all property assessed | \$568,741,446 |

The last amount is only the assessed value of property of all kinds, and the equalized value will probably increase the figures twenty-five or thirty million more.

Improvements.

Dr. O. H. Reynold's new house is so nearly completed that he has moved into the upper portion of it.

The new artificial stone pavement in front of Mr. Hiram Berry's residence on Main street, South Side, is nearly completed and is a handsome and substantial improvement to the square.

The frame of Mrs. Longmoor's new residence on Second street is being raised and the building is rapidly assuming shape.

Fail to do Their Duty.

Everybody has at times failed to do their duty towards themselves. Hundreds of lady readers suffer from sick headache, nervousness, sleeplessness and female troubles. Let them follow the example of Mrs. H. Herbechter, Stevens Point, Wis., who for five years suffered greatly from nervous prostration and sleeplessness, tried physicians and different medicines without success. But one bottle of Dr. Miles' Nervine caused sound sleep every night and she is feeling like a new person. Mrs. Elizabeth Wheeler, Laramie City, Wyoming, who tried all other remedies, declares that after three weeks' use of the Nervine for Headache, Nervous Prostration, etc., she was entirely relieved. Sold by J. W. Gayle. Trial bottle free.

BASE BALL.

Lexington Downs Us but We Walk Away With Pleasureville.

Smarting under the defeat given their nine by the Frankforts, on their own grounds, week before last, the managers of the Lexington club went to work to get together a nine which would down our boys. They employed the best amateurs and ex-professional players in Cincinnati and Louisville, and succeeded in organizing a first rate team. They came down here on Friday afternoon of last week, thirsting for revenge and they got it, for they caught the home team on an off day. The game had hardly started before the Frankforts went to pieces and piled up a long string of errors. Our best players seemed to have lost their cunning and, try as they might, they did not seem to be able to hit the side of a house or stop a hog in a lane, much less bat or catch a ball. It looked like a dead cinch for Lexington until the eighth inning, when the Frankforts pulled themselves together and made five runs, but it was too late and the game ended with a record of 10 to 5 made against us.

Saturday the managers very unwisely gathered together a weaker team than they had on the field the day before, went to Lexington and were almost annihilated by the base ball aggregation of that city—the score standing 15 to 1 in favor of the "boys in blue."

The Pleasureville team and the Frankforts crossed bats at Lake Park Tuesday. The game was very interesting from start to finish, and pretty plays and hard hits were numerous.

Both teams were blanked in the first three innings. In the fourth the home team made two runs, and were never headed, though in the seventh inning it looked like the visitors would win. They struck one of their famous batting streaks, and hammered out eight runs. In the eighth and ninth neither side scored, and the game closed as follows:

NOTES.

Roxy Davis, Dick VanDerveer and Pen Merchant went to Lexington Wednesday and played with the Pleasurevilles against the base ball aggregation in that city, while A. D. McFarland umpired. Dick pitched

and made a good record, while Roxy held down 2d and caught and Pen played 3d and short. The score was 12 to 6 in Lexington's favor, but neither one of our boys made a score.

G. W. Hammond, the captain of the Pleasureville team, besides being one of the cleverest fellows in the State, is a good ball player and one of the best and fastest horse-shoers in the country. He has put on three thousand two hundred and seventy shoes since January 1, 1893.

Country Fires.

The barn of Mr. Lee A. Owen, at Jett's Station, was destroyed by fire one day last week. The fire is supposed to have been caused by a spark from a passing locomotive, as the barn was only a short distance from the track.

The home of Sarah Price, colored, who lives near Ducker's Station, was destroyed by fire Monday morning. Most of the household goods and fifty dollars in money were also destroyed with the house. The house was insured for \$250.

Refused a Good Offer.

Mr. Chas. W. Saffell was offered a few days since three hundred dollars per acre, spot cash, for his land on the Lawrenceburg pike, near the city limits, and refused the offer. Now that the electric street car line is being built, Mr. Saffell has faith in the future of Frankfort and thinks his land will bring more money in the near future.

O. N. Rogers,

Of Adams, N. Y., ate nothing but dry bread for three years on account of that terrible disease Dyspepsia. He states that he was entirely cured by Dr. Hale's Household Tea and can now eat anything. This greatest medicine known is sold at 25 and 50 cents per package at CARPENTER'S drug store. 3

Matrimonial.

NEAL-MAHAN—Mr. John Neal and Mrs. Mary Mahan, of the Forks of Elkhorn, were granted license to wed, on Monday, by County Clerk Smith, and were married that evening at the residence of Mr. Troxwell, by Rev. John Burdin.

THOMAS-BRENT—Hon. Claude M. Thomas, former Representative from Bourbon, and recently appointed U. S. Consul to Marseilles, and Miss Margaret Chambers Brent, daughter of Judge J. H. Brent, of the Superior Court, were married in Paris Wednesday evening.

UPDIKE-MANLEY—At the County Clerk's office on Wednesday afternoon, Mr. William Updike and Miss Lida M. Manley were made man and wife by Rev. W. C. Taylor.

County Court.

There was a large crowd in town Monday to attend county court, but it was rather a dull day so far as business on the street was concerned. Numerous vehicles and some horses were offered for sale, but those sold brought very low prices.

But little business was transacted in the court, all the tax cases being postponed until Thursday.

The will of Mrs. Christiana Craik was probated. She leaves her niece, Christiana McEwan, her gold watch and fifty dollars; her niece, Mary S. McEwan, a lot of silver spoons and fifty dollars. To her step-daughter, Jennie Craik, she leaves a house and lot in South Frankfort, the lot fronting 100 feet on Shelby street and running back 198 feet to an alley—known as the Leach place—together with any personal property which may remain after the first-named bequests and the just debts of the testator are paid. To her husband, Wm. Craik, she leaves the property on the southwest corner of Todd and Shelby streets, known as the McEwan home- stead. Wm. Craik is appointed executor, with the request that he be not required to give bond.

Deaths.

HUGHES—Mas. Martha A. Hughes, wife of W. J. Hughes, Esq., died suddenly Saturday afternoon, at the family residence in South Frankfort, aged about 57 years. She had been confined to bed since the Monday previous with an attack of bilious colic, to which she was subject, and just before her death took some lemonade which produced extreme nausea, and the strain resulting from frequent retching caused the breaking of a blood vessel on the brain and she died in a few minutes from apoplexy.

The deceased was a sister of Mr. J. S. McKendrick, formerly president of the Frankfort National Bank, and leaves two daughters and several step-children, to whom she had been a kind and affectionate mother, to mourn with their father an irreparable loss.

The funeral took place from the family residence, 327 Murray street, at 8:30 o'clock Monday morning, and the remains were taken to Lexington for interment.

HOOVER—Mrs. Elizabeth Hoover, widow of the late Thomas Hoover, of this city, died at the residence of her niece, in Jeffersonville, Indiana, on Wednesday. The remains were brought here for interment Thursday morning. The services at the grave were conducted by Rev. W. C. Taylor, of the Baptist Church, the deceased having for years been a devoted member of that church.

CHISM—In this county, on Sunday, August 6th, Mrs. Prude Chism.

BRAWNER—In this county, near Bald Knob, on Sunday, August 6th, infant child of Mr. Tobe Brawler.

Mr. Thomas Batte, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." 25 and 50 cent bottles for sale by J. W. Gayle.

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky, as second-class mailable matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, AUGUST 12, 1893.

PLOT AT THE PEN FRUSTRATED.

Pistols, Cartridges and Dynamite Booms Found Concealed.

Warden S. A. Norman was informed some days ago that certain prisoners had arms and amunition concealed within the walls and kept a sharp look out for the same. On Tuesday he was notified that the Reeves brothers and Millard, three of the most desperate convicts in the prison, who were sent up from Monroe county for burning the town of Tomkinsville and robbing the bank, were seen to carry a suspicious looking package to a shanty in the south end of the yard, where Millard was employed in boiling soap. Tuesday night, after the prisoners were locked in their cells, Mr. Norman took several men to the shanty, tore up the floor and dug the ground over in the search for the package. The shanty was built against the side of a warehouse used for storing seasoned timber, and in removing the floor of the shanty a plank nailed against the side of the warehouse was ripped off, which revealed an opening under the floor of the larger building, when the Warden directed one of the men to see what was under there. He thrust in his arm and drew out a sack containing about one hundred metallic cartridges which would fit a Winchester rifle and 44-calibre pistol, and a wooden box closely sealed up with sealing wax to prevent the moisture getting into it. When the box was opened it was found to contain two pistols, three bombs, made of dynamite and gun powder inclosed in glass bottles, and a bottle of gun powder.

Walter Berkley, who served out his term in the penitentiary several months ago, and who was arrested at the gate for having burglar's tools in his possession and is now in jail awaiting trial, is known to have stolen one of the pistols and the cartridges, while employed as a trusty about the offices at the gate, and that he gave them to the Reeveses. The other pistol disappeared during Warden Bolan's term, and had evidently been buried for a long time and only recently dug up, cleaned and oiled. It is also supposed that Berkley obtained the gun powder and dynamite, of which the booms were made, at different times, while going about the city as a trusty.

It was the intention of the men to either slip up to the entrance at a time when visitors were going out, throw one of the bombs to demoralize or kill the guards at the gate, then make a rush for liberty, shooting down any one who might offer opposition. Or if a favorable opportunity did not offer at the gate, to conceal themselves in the second story of the old hospital, cut through the brick wall, shoot the guard on the wall which divides the women's yard from the main yard, get on to this wall from the opening they proposed to make in the old hospital, run across to the guard house and lower themselves to the ground from the rear wall of the prison and then make a rush for the open country, but as they were all locked up Wednesday morning in their cells and severely punished, they will hardly gain their liberty this trip.

Off for Oklahoma.

Col. Thos. H. Corbett resigned his position as clerk at the penitentiary on Saturday and left Thursday for Guthrie, Oklahoma, where he has been appointed Receiver and Disburser of Public Moneys by President Cleveland. He will be succeeded as clerk at the penitentiary by Mr. G. H. Stone, of Spencer county. Col. Corbett's family will join him in his new home about the first of September.

Just before he left Tuesday, the guards and officials at the Kentucky Penitentiary presented Col. Corbett with a handsome silver water set and a new suit of clothes, and the prisoners also presented him with a fine silk umbrella. He has been the clerk at the prison for the past two years, and his genial, kindly disposition has made everyone connected with the institution his warm friend and admirer, and the presents were but the expression of their friendship in a substantial form.

The silver-ware was purchased at Selbert's and handsomely engraved.

A Plain Statement.

Below will be found a true statement of the condition of the E. H. Taylor, Jr., & Sons, assets and liabilities as taken from their books, together with the appraised values after the assignee had made up its schedule. It is plain and it can easily be seen from it that the firm is in good condition.

On July 19th, ultimo, the date of their assignment, the books of E. H. Taylor, Jr., & Sons were placed in the hands of their assignee, The Security Trust & Safety Vault Co., of Lexington, Ky. At that date the books of the firm presented the following result on the condition of the business, viz:

| | |
|------------------|--------------|
| Assets..... | \$545,564 59 |
| Liabilities..... | 347,732 26 |
| Surplus..... | \$197,832 13 |

Under the deed of assignment the court appointed appraisers of assets, who having performed their duties in the premises, reported—

| | |
|--|--------------|
| The assets as valuable for the sum of..... | \$368,759 83 |
| The liabilities, as above, being..... | 41,732 26 |
| A surplus of..... | \$21,027 59 |

Of the above indebtedness of \$347,732.26 there is directly secured by collateral, \$254,427.49 and not directly secured, say \$93,304.77.

This statement shows the status of the firm's business, as taken from the face of their books and upon the appraisers' report.

N. B.—The appraisement does not include the value of their trade marks, brands and business good will, nor the judgment recovered by them in the Franklin Circuit Court, and now pending in the Court of Appeals, against the Geo. T. Staggs Co., enjoining it from simulating their brands and trade marks, and directing an account to be taken of the entire profits made by said Staggs Company upon about 22,000 (twenty-two thousand) barrels of whisky.

Their attorneys, who are recognized as the peers of any, feel confident of the affirmation by the Court of Appeals of the judgment of the lower court.

How We Grow Old.

The thread that binds us to life is most frequently severed ere the meridian of life is reached in the case of persons who neglect obvious means to renew failing strength. Vigor, no less the source of happiness than the condition of long life, can be created and perpetuated where it does not exist. Thousands who have experience or are cognizant—including many physicians of eminence—of the effects of Hostetter's Stomach Bitters, bear testimony to its wondrous efficacy as a creator of strength in feeble constitutions, and debilitated and shattered systems. A steady performance of the bodily functions, renewed appetite, flesh and nightly repose attend the use of this thorough and standard renovant. Use no local tonic repute sent to be akin to or resemble it in effects in its pace. Demand the genuine which is an acknowledged remedy for indigestion, malaria, nervousness, constipation, liver and kidney complaints and rheumatism.

We Want a Clock.

FRANKFORT, KY., Aug. 7, 1893.
Hon. John G. Carlisle, Secretary of the Treasury, Washington, D. C.

DEAR SIR: We, the undersigned citizens of Frankfort and vicinity, respectfully request your earnest and serious attention to the following figures concerning the revenue the Government has derived from Kentucky and her industries in the past thirty-one years, and also the revenue collected by the Stamp Deputy at Frankfort in the past eighteen months, ending June 30, 1893. Total collections from Kentucky from June 30 1862, to June 30, 1893, was \$326,242,407.50. For 1893, \$26,618,920.36, an increase of nearly five million dollars over last year's receipts.

| | |
|---|----------------|
| The collection of the Stamp Deputy at Frankfort for the year ending June 30, 1892, was..... | \$1,191,025 60 |
| Same from January to July, 1893, was..... | 814,414 30 |

Total collections for 16 months by Stamp Deputy at Frankfort..... \$2,005,439 90

Considering the premises as is fully shown above and as we are, and have been the seat of government of the first born or original State to enter the union for over one hundred years, and as that government, the American Government or the United States, has grossly neglected our city in many ways and discriminated in favor of other cities, furnishing the Capitals of infant States with magnificent post-offices or government buildings all complete in every respect, costing millions of dollars, whilst we are put off with a building not costing over \$150,000, and that building incomplete at that, when compared with other buildings erected by the government throughout

All ages, and all conditions of womanhood will find just the help that woman needs, in Dr. Pierce's Favorite Prescription. That's a matter that's guaranteed. If it can't be done, then the medicine costs you nothing—its makers don't want your money.

Get it, if you're a tired or suffering woman, and get well. It builds up and invigorates the entire system, regulates and promotes the proper functions, and restores health and strength. At the two critical periods in a woman's life—the change from girlhood to womanhood, and later, the "change of life"—it is a perfectly safe and an especially valuable remedial agent, that can produce only good results.

For all the derangements, irregularities and weaknesses peculiar to the sex, "Favorite Prescription" is the only remedy so certain that it can be guaranteed. If it fails to benefit or cure, you have your money back. You pay only for the good you get. Can you ask more?

the country. There is no clock in our building and it is for the purpose of having a clock placed in our building that we write you.

Now by the authority invested in you, we request that you direct the Supervising Architect to ascertain what alteration or change there will have to be made in the government building in Frankfort, and the cost thereof, so a clock can be put in the tower of the building. The cost of all necessary change to be made and the price of the clock, report the same to you and that you will recommend the same to Congress to be appropriated for the Frankfort Public Building at the next session.

If other cities can have these improvements is there a plausible reason why Frankfort cannot have the same?

We have been sadly overlooked in the past and badly neglected besides, considering the enormous amount of money collected by the government through the industries of Frankfort and vicinity. It is to correct the one and remedy the other is the motive that we have in addressing you on this subject. Knowing you have the power to grant our request, and believing as a matter of right to the seat of government of your State you will readily see the equity of our claim and have our prayers granted for a clock on our public building without further delay.

Hoping to hear from you in regard to the matter at an early day.

FRANKFORT ROUNDABOUT

FRANKFORT, AUGUST 12, 1893.

Carlisle's Mistake.

Secretary Carlisle's recent order, that all taxes due on whisky must be paid in cash, is causing a great deal of inconvenience to the banks and distillers. It is impossible for the banks to keep a sufficient supply of currency on hand to pay the checks of the whisky men and meet the demands of their regular business also, and the distillers are compelled to send to other cities to get the cash to pay their taxes. When the money is paid to the collectors it is forwarded to Washington and is thus withdrawn from circulation, for a time at least. Forty-five thousand dollars in cash was paid to the Deputy Collector in this city one day this week, and it will not take long at that rate for all the currency to be drawn out of the whisky producing districts in the State.

We are informed by persons in a position to know, that had it not been for this order the crisis would have been passed some time since. If there ever was a time when the people need the help of the Government, that time is the present, and the Secretary of the Treasury has certainly blundered. If the Government is doubtful of the banks and afraid to receive certified checks upon them, the people ought not to be censured for a want of confidence also. It is possible for the Secretary of the Treasury to give relief to the people, as his predecessors have done, and if he is unable to grasp the situation, he is the wrong man in so important a position.

Carlton's New Job.

Mr. D. A. Adams, who has been agent for the U. S. and Adams Express Companies in Georgetown for twenty years, has resigned on account of a reduction in his salary and Mr. Carlton Graham, of this city, has been appointed to fill the vacancy. Mr. Graham has been running as messenger on the C. & O. and Louisville Southern roads for several years, and is one of the best boys who ever left Frankfort. The people of Georgetown will find him polite and accommodating and the Adams will have no more popular agent in their employ. He took charge of the office on Monday.

An Official Group.

A photographic group of the police force and city officials was made recently and is displayed in the City Clerk's office. There have been so many questions asked as to who the venerable looking, grey-haired old gentleman, who occupies a central position in the picture is, that our City Marshal is thinking of hiding the photograph away in a dark corner.

Important to Physicians.

In response to some inquiries addressed to him, Dr. J. N. McCormack, Secretary of the State Board of Health, has written the following letter to Dr. U. V. Williams, of this city:

OFFICE OF THE STATE BOARD OF HEALTH,
BOWLING GREEN, KY., July 27, 1893.

Dr. U. V. Williams, Frankfort, Ky.:
DEAR DOCTOR:—As we understand the law, its provisions are very plain. Every physician who now practices or desires to begin practice, must obtain a license from this Board. If a diploma was indorsed under the old law it is only necessary to give the date of such endorsement to which I can at once refer. In any other case the diploma should be forward-

ed. The duties of the referee are very important, as it is only through him that we can know the standing and location of the applicant. Under the old law quacks from Cincinnati and elsewhere often sent their diplomas from the mountain counties or from country cross roads in order to take us off our guard.

As I drew the law no fee was provided, but when it was found that in Illinois, Minnesota and other States where similar laws were in force, a uniform fee of five dollars was charged for graduates and twenty dollars for under graduates the Revisory Commission put it as it now stands (\$2.00). The labor involved in putting the law in operation will be an enormous one, taking the time of myself and two assistants for at least a year, and as it is a little uncertain how the Board will dispose of the fund arising from the fees. I will be very glad to turn over the work to any competent person who will take it off my hands. * * *

Applications are coming in very rapidly and I find the law will have the cordial support of the profession throughout the State. Many illegal registrations under the old law are being brought to light in quarters where it was not expected.

Very respectfully,
J. N. McCORMACK,
Secretary.

The success of Mrs. M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnstown, Pennsylvania, after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I know of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." 25 and 50 cent bottles for sale by J. W. Gayle.

Text-Book for Indigent Children.

The attention of trustees and teachers is called to the following section of the new school law, and they are requested to act immediately.

THOS. HUNTER,
C. S. S.

ART. V.—SEC. 43.

It shall be the duty of each county superintendent, before the opening of the schools each year, and from time to time, by personal observation or from trustees and teachers and otherwise, to ascertain the number and cost of text-books upon each of the common school branches needed by the indigent children of each district and of the county for use in the common schools, and shall report to the county judge the member and kind of books needed, when the county judge shall purchase the books and pay for them by an allowance made by the fiscal court of the county; the county judge shall turn them over to the county superintendent for distribution, taking receipt for the number and value of the books, but the cost of said books shall not exceed in the aggregate one hundred dollars in any county per annum. It is hereby made the special duty of the county and the city school superintendent of common schools to report to the county judge the names of all such indigent children furnished them by trustees, and to see that the provisions of this section are faithfully executed:

THE K. OF P. PICNIC.

A Brilliant Success Financially and Socially.

The picnic given by Dexter Lodge, Knights of Pythias, on Wednesday, was an exceedingly pleasant affair and gathered quite a large sum into the Lodge treasury. The local Knights began to appear on the streets early in the morning arrayed in their brilliant uniforms, and at 9:30 formed in line and marched to the L. & N. train to meet a party of Knights from Lexington. About thirty came down from that city, who were escorted to the headquarters of the Lodge, where a procession was formed, which paraded the principal streets, and then all took carriages for Thorn Hill Park, at which point the various committees of the Lodge had everything in readiness for their guests to spend a perfect day. Carriages ran every few minutes during the day from the front of Capitol square, and a large number of young people went out in the morning, spent the day and evening in tripping the light fantastic, while the little ones rode on the flying dutchman. The older people sat in the shade enjoying pleasant conversation, watching the dancers or the gentlemen pitch quoits. In the evening the crowd was largely augmented and the fun was kept up until a late hour, the grounds being illuminated with lamps and Chinese lanterns.

THE BICYCLE RACES.

At 4 o'clock the crowd repaired to the hillside overlooking Col. Pepper's track to witness the trial of speed by the local wheelmen for various prizes offered. A large crowd also went out from the city, but the interest died out after the second race and most of the spectators left. The weather was most too warm for the purpose, some of those who started were out of practice, and several were made sick by the violent exercise. Following is the result:

First race—one mile handicap: First prize, round trip ticket to the World's Fair; second prize, one month's laundry.

| | | | | |
|-------------------------------------|------------------------------------|---------------------------------------|---|--------------------------------------|
| Ben. Marshall, scratch, 1 | H. L. Burch, 50 yards, 2 | Neville Garrett, scratch, 3 | William Kavanaugh, 200 yards, 4 | B. T. Crutcher, scratch, 5 |
|-------------------------------------|------------------------------------|---------------------------------------|---|--------------------------------------|

Time 3:15.

Duane Sinclair, 100 yards, fell twice at the start and was out of the race.

Second race—half mile dash: First prize, best sweater; second prize, silk umbrella.

| | | |
|----------------------------|-----------------------------|-----------------------------|
| Ben. Marshall, 1 | B. T. Crutcher, 2 | Duane Sinclair, 3 |
|----------------------------|-----------------------------|-----------------------------|

Time not taken.

Third race, one fourth mile dash: First prize, fall style hat; second prize, pair bicycle shoes.

| | | |
|------------------------------|--------------------------|-----------------------------|
| Neville Garrett, 1 | H. L. Burch, 2 | Duane Sinclair, 3 |
|------------------------------|--------------------------|-----------------------------|

Time 50 seconds.

In this race while coming down the home stretch, crowding Garrett closely, Mr. B. T. Crutcher ran over a dog, and fell, disabling his wheel and bruising himself up considerably, but was all right the next morning.

Fourth race—consolation—one mile dash: First prize, pair bloomer pants; second prize, scarf pin.

LOCAL.

ANOTHER RICHMOND—Mr. A. C. Parker, a farmer living in the Farmdale neighborhood, announced himself on Monday as a candidate for the Democratic nomination for Representative. He and Hon. L. J. Cox will now proceed to warm up for the contest.

A SPLENDID RAIN—A fine shower of rain fell Thursday afternoon in Forks of Elkhorn neighborhood, which greatly refreshed the crops, while we only had a few drops in this city and the Benson and Cedar Run country is as dry as a powder horn.

WILL CONTINUE TO PAY—State Treasurer Hale has announced that it will not be necessary for the Treasury to suspend payment in order to protect the school fund, as he thinks the State has funds sufficient to meet all demands.

IS KIN TO FRANKFORT—Mr. Rozel Weissinger, who spent a good portion of his boyhood in this city, is a candidate for the State Senate from one of the Louisville districts, in which city he has been practicing law for a number of years.

ON THE TASTING COMMITTEE—Col. J. Stoddard Johnston, of Louisville, formerly of this city, has been appointed one of the judges of whisky at the World's Fair and left for Chicago Wednesday night.

PETITIONED TO RUN—A petition is being circulated and numerous signed, requesting ex-Gov. J. Proctor Knott to become a candidate for Mayor.

OPEN TO-DAY—The Old Kentucky Saloon, on St. Clair street, will be reopened to-day, by Mr. L. Weitzel, proprietor, and Mr. Ed. L. Meagher, manager.

Births.

JOHNSON—In this city, on Sunday, August 6th, 1893, to County Attorney L. F. Johnson and wife, a daughter—Mary Elizabeth.

The Weakest Spot

in your whole system, perhaps, is the liver. If that doesn't do its work of purifying the blood, more troubles come from it than you can remember. Dr. Pierce's Golden Medical Discovery acts upon this weak spot as nothing else can. It rouses it up to healthy, natural action. By thoroughly purifying the blood, it reaches, builds up and invigorates every part of the system.

For all diseases that depend on the liver or the blood—dyspepsia, indigestion, biliousness, every form of scrofula, even consumption (or lung scrofula) in its earlier stages; and the stubborn skin and scalp diseases, the "Discovery" is the only remedy so unfailing and effective that it can be guaranteed.

If it doesn't benefit or cure, you have your money back.

A Better Location.

Mrs. Elizabeth Walcutt, of this city, finding her house on the North Side, in Chicago, inconvenient for visitors to the Fair, has rented No. 4225 Lake Avenue, which is two blocks from the Lake and only a half mile from the Fair Grounds. The location is a lovely one—the house sits off by itself and plenty of fresh air can be obtained. She will furnish lodging and two meals—breakfast and late dinner—for \$1.50 per day. If you wish to secure rooms address her at 4225 Lake Avenue, Chicago.

FOR SALE—A good rockaway horse. Gentle and suitable for family use. J. N. MILES.

COLORED SCHOOL STATISTICS

Furnished by Prof. J. H. Jackson, Principal of the State Normal School.

At the recent meeting of the National Association for the Education of Colored Youth at Chicago, Prof. J. H. Jackson, of this city, as Chairman of the Committee on Statistics, made the following report:

CHICAGO, ILL., August 9, 1893.

ROOMS OF THE NATIONAL ASSOCIATION FOR THE EDUCATION OF COLORED YOUTH.

To the American People:

As Chairman of the Committee on Statistics and Exhibits of the National Association for the Education of Colored Youth, the following statement of facts, showing the progress the colored people of the United States have made in education, since the close of the war, is presented for your careful consideration, viz:

| PUBLIC SCHOOLS. | |
|--|-----------|
| Pupils in Public Schools | 1,309,251 |
| SECONDARY SCHOOLS. | |
| Number of Schools | 47 |
| Number of Students | 11,837 |
| UNIVERSITIES AND COLLEGES. | |
| Colleges and Universities | 25 |
| Professors | 369 |
| Collegiate Students | 808 |
| Preparatory Students | 1,071 |
| Elementary Students | 6,517 |
| Total | 8,396 |
| SCHOOLS OF THEOLOGY | |
| Number of Schools | 25 |
| Students | 755 |
| SCHOOLS OF LAW. | |
| Number of Schools | 5 |
| Students | 121 |
| SCHOOLS OF MEDICINE, DENTISTRY AND PHARMACY. | |
| Number of Schools | 5 |
| Students | 306 |
| NORMAL SCHOOLS. | |
| Number Schools | 52 |
| Normal Students | 5011 |
| Preparatory Students | 2178 |
| Elementary Practice Students | 2852 |
| Total | 10,042 |
| DEAF AND DUMB AND BLIND. | |
| Number of Schools | 16 |
| Number of Students | 536 |

If we also include the colored youth enrolled in the schools of those States where no separate schools exist, it is fair to presume that there are in round numbers about 1,500,000 colored youth in the common schools of our country, being about 50 per cent. of the total number of colored children as shown in the census reports, if the per cent. of those enrolled in Kentucky be taken as the basis of calculation.

It has also been carefully estimated that, during a quarter of a century, 2,000,000 colored people in the United States, on arriving at manhood and entering upon the active duties of life, have learned to read and write. School exhibits, especially in industrial training, are being made at the World's Fair by Hampton Normal and Agricultural Institute, Va., Atlanta, Ga., University, Kentucky State University, Maryland Manual Training School, Central Tennessee College, Clark University, Atlanta, Ga., and Claflin University, South Carolina.

A great deal of written school work, prepared by colored students, is also on exhibition, but for much of this written work, however, the colored pupil receives no credit, since from many of the Eastern, Western and Northern States the color of the individual is not indicated. The character of school work on exhibition prepared by the colored students is up to the standard, both as seen in this country and from foreign countries. The work done in manual training schools shows wonderful advancement in all branches of mechanism, notwithstanding the limited opportu-

nities and the brief time devoted to this species of work. With proper encouragement and ample opportunity there is little doubt that many of the colored youths in such schools can be taught to become producers rather than consumers, and thus add very much to the material as well as to the intellectual and moral growth of our country.

It is gratifying to state that both experience and observation confirm the opinion that race troubles and broils, incident to a condition of ignorance, grow less in proportion as the people advance in education and general intelligence.

It is a source of congratulation also to know that the spirit of enlightenment which tends to liberalize and to render our white fellow citizens more patient and considerate will, at the same time, teach the colored man not to narrow his sympathy to mere racial questions, but will broaden his views to humanity's wider issues.

The millions spent in the South, especially since the close of the war, for the purpose of educating the colored race and preparing it for the grave responsibilities and duties of American citizenship, are beginning to bring rich returns in better homes, more comfortable school-houses, more commodious church structures, a truer manhood and womanhood, and loftier conceptions of their governmental and personal responsibilities, duties and relations.

Respectfully submitted,
JOHN H. JACKSON,
President State Normal School.

A Pleasant Event.

Mrs. James A. Murray entertained a number of her young friends at her elegant suburban home, Glen Willis, on Thursday evening, in honor of her guests, the Misses Walbeck, of Louisville, and Foley and Reynolds, of Lexington. After refreshments and dancing the entire party took a hay ride. Among those present were: Misses Judith Drane, Mary Ely, Mame Bull, Laura French, Blanche Hill, Mary Talbutt Dudley, Lizzie Hudson and others.

MAIN STREET. FRANKFORT, KY.

Pea Ridge.

Dry weather has shortened the corn crop.

Springs and branches dry and stock water scarce.

Barry and May Pierce are visiting their grandfather, Mr. Jim Tracy.

A large number of our people attended county court Monday.

Our county road to Frankfort is very extensively traveled; people say it not so rough as the pike.

Little Effie Tracy, who has been sick, has recovered and is attending school here.

Pea Ridge school opened last Monday with Miss Olla B. Suttles in command.

Mr. Willie Pierce took a wagon load of fine melons to Frankfort Monday.

The protracted meeting at the Bridgeport Christian Church being carried on by the Rev. W. J. Howe and Rev. E. W. White has greatly interested our people; some of them have not missed one night, although having to travel over the roughest roads in the county.

Milton and Alex. Tracy have a nice tobacco patch.

Hot dry weather has made garden stuff scarce.

Concerning the new school law requiring the teachers to have an attendance of 25 pupils or be turned out by the trustees, some people think that the number must be counted the first day or first week of school. This will be unfair to the teacher, for some people don't know that school is opened for at least a week after it commences, and in some districts it is possible for one or two families, by keeping their children home for a week, to spoil the required average and so place in intelligence under the heel of ignorance—something that no law has ever yet been able to do.

The ROUNDABOUT has frequently called the attention of our country people to the very great mistake they make by not advertising, but takes no interest and shows no sympathy for those unfortunates who make the mistake of answering ads. Pea Ridge has had some experience in this matter and gives it freely; now give us yours.

I sent fifty cents for a box of useful goods, and received a box of pills. I sent \$1.50 for a sterling silver watch and got a tin contraption that didn't go a day and wasn't worth a cent. I sent \$1 for a pair of beautiful steel engravings, executed by the U. S. Government, landing of Columbus and portrait of Washington. By

return mail I got two postage stamps. I sent a portrait to be enlarged free, but had to pay \$5 for a frame and \$2 for the express charges. I sent \$1 for advice and valuable information for those about to marry and received a postal card containing one word: "Don't." In fact we have sent for nearly everything that was advertised free and got "ketches" every time, but we are still sending on money for gold and silver watches, organs, musical instruments, guns, silk dresses and patent churns.

The name of your future wife revealed send \$1, lock of hair, &c. Tom Blank and his friend Bill Crank each sent on a dollar and Tom received the startling information that his wife's name would be Mrs. Blank, while Bill was told that his consort's name would be Mrs. Crank.

We've still got plenty of money to spare and still answer free ads.

Deafness Can't Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

LOUISVILLE TOBACCO MARKET.

FURNISHED BY GLOVER & DURETT, LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amount to 1,766 hhds., with receipts for the same period of 1,655 hhds. Sales on our market since January 1st amount to 87,097 hhds. Sales of the crop of 1892 on our market to this date amount to 89,969 hhds.

Our market this week has shown both the lowest and highest range of values for good burley tobacco that have prevailed for months past. The prices on Tuesday and Wednesday of this week reached the lowest point of the year, whereas, on Thursday higher prices were obtained on good burley than have been realized for many weeks. It is yet too soon to say whether this is a spurt or the beginning of a permanent improvement.

The following quotations fairly represent our market for new burley tobacco (1892 crop):

Why Don't You Stop

These words are very familiar to our readers, as not a day passes without the report of the sudden death of some prominent citizen. The explanation is "Heart Disease." Therefore beware if you have any of the following symptoms: Short Breath, Pain in Side, Smothering Spells, Swollen Ankles, Asthmatic Breathing, Weak and Hungry Spells, Tenderness in Shoulder or Arm, Fluttering of Heart or Irregular Pulse. These symptoms mean heart disease. The most reliable remedy is Dr. Miles' New Heart Cure, which has saved thousands of lives. Book of testimonials free at J. W. Gayle's who also sells the New Heart Cure. 1

The New South and the World's Fair.

No section of the country, East, North or West, is taking a greater interest in the World's Fair at present than that portion lying south of Mason and Dixon's line, and typical Southerners, easily distinguishable in the immense throng by the graceful military bearing of the gentlemen and the rare beauty of the ladies, are to be met in great numbers on the Exposition grounds, in the corridors of the leading hotels and at the various social gatherings in the World's Fair City.

To a large extent the success of the Fair depends upon the Southern people; the Board of Managers expect hundreds of thousands of people from South of the Ohio river to attend the Exposition, and from present indications they will not be disappointed. The railroads are making extensive preparations to take care of the people, and their comfort enroute is fully assured.

The Big Four Route, which is the only line making connection in Central Union Station, Cincinnati, with through trains of the E. T. V. & G., Queen & Crescent Route, Louisville & Nashville R. R., Kentucky Central Ry., and Chesapeake & Ohio Ry., Naturally forms the popular outlet for Southern travel, and to accommodate the business five elegant vestibuled trains, with parlor cars, sleeping cars, dining cars and elegant coaches are run daily from Cincinnati to Chicago, stopping at Midway Plaisance, the Main Entrance to the World's Fair, 60th St., Hyde Park, 51st St., 39th St., 22d St., and running into the new 12th St. Station on the Lake Front. All the World's Fair hotels and boarding houses are located adjacent to the Big Four stations and passengers via the popular line avoid the long, tiresome transfer across the city necessary by all other lines from Cincinnati. There is positively no other line landing passengers at the stations named, and as it affords in addition to the comfort and convenience a great saving of time and expense, all the South who contemplate a trip to the World's Fair should be sure to ask for tickets via the Big Four Route.
